Mono Ammonium Phosphate Industrial Grade

Name: Mono Ammonium Phosphate
Industrial Grade Crystal 12-61

CAS No.:7722-76-1

Molecular Formula: NH₄H₂PO₄

Properties: White crystal

Specification:

Appearance	White crystal
Main content	98.0% min
P ₂ O ₃	53.0% min
N	20.8% min
Water insoluble matter	0.1% max
PH	7.8-8.2
Water	0.2% max

Usage: It is used for fertilizer, and it can be used as fire retardan of wood,paper and fabric. It is also used drugs and feed additives for ruminants.

Packing: 25kgs or 1000kgs or as client's request.

Storage: Store at a cool, dry and well ventilated place. Avoid moisture and water.
