Mono Potassium Phosphate Powder 98%

Name: Mono Potassium Phosphate
powder 98%

CAS No.:7778-77-0

Molecular Formula: KH₂PO₄

Properties: White powder

Specification:

KH ₂ PO ₄	98% min
P	22.3% min
K	28% min
Moisture	0.5%max
Cl	1.0%max
SO ₄	0.1%max
As	0.001%max
Pb	0.002%max

Usage: It is used as a buffer in the industry and efficient phosphorus and potassium fertilizer on agriculture;food grade as a food additive improvement.

Packing: 25kgs or 1000kgs or as client's request.

Storage: Store at a cool, dry and well ventilated place. Avoid moisture and water.
