Magnesium Sulfate Monohydrate Kieserite 2-4mm

Name: Magnesium Sulfate Monohydrate
Kieserite 2-4mm

CAS No.:14168-73-1

Molecular Formula: MgSO₄·H₂O

Properties: White to yellow granular

Specification:

Appearance	White granular
MgSO ₄	70% min
MgO	25-27%min
MgO(water solubility)	21-22%min
CaO	2
S	16
PH	5-6
Insoluble	5% max
Size	2-4mm

Usage: It is mainly used in agriculture,medicine,industry.

Packing: 25kgs or 1000kgs or as client's request.

Storage: store at a cool, dry and well ventilated place. Avoid moisture and water.
