Sodium Nitrate

Name: Sodium Nitrate

CAS No.:7632-00-0

Molecular Formula: NaNO₃

Specification:

NaNO ₃	99.5%min
Moisture	1.5%max
Water Insoluble Content	0.03%max
NaNO ₂	0.01%max
Na ₂ CO ₃	0.05%max
Iron	--

Usage: It is the important chemical material and widely used in industries including glass, dye, detonator, metallurgy, machinery and vitreous enamel etc.

Packing: 25kgs or 1000kgs or as client's request.

Storage: Store at a cool, dry and well ventilated place. Avoid moisture and water.
